London, UK

## EDUCATION

### Royal College of Art, London, UK

MA 2017 Design Products  
Thesis: Olfactive objects

### Sabancı University, Istanbul, Türkiye

MA 2015 Visual Arts & Communication Design  
Thesis: Artisans in Istanbul  
Awarded full scholarship

### Rhode Island School of Design (RISD), USA

BFA 2012 Industrial Design  
Honors student, Autumn 2011

### Brown University, USA

2012 Spanish 200, Spring 2012  
2010 Nineteenth century French Literature

## SKILLS

### Digital

Adobe CC	Advanced
SolidWorks	Advanced
Procreate	Advanced
Keyshot	Advanced
Rhinoceros	Advanced
Grasshopper	Intermediate
Arduino	Intermediate
Processing	Intermediate
Unity	Beginner

### Design

Design thinking  
User and market research  
Concept generation  
Design innovation  
Rapid prototyping  
Hand sketching and ideation.  
Modeling and rendering CAD models

### Fine Art

Wet and dry media  
Hand and digital illustration  
Industrial sewing machine  
Digital and film cameras  
Photo darkroom

### Organizational

Basecamp, Google Drive, Dropbox  
Canva, Miro, Notion  
Able to manage projects, budgets  
Experienced with subcontractors, timelines

### Languages

English	Professional
French	Professional
Turkish	Native
Spanish	Intermediate
Icelandic	Beginner

## SUMMARY

Award winning industrial designer and academic focusing on craft techniques, experimental materials and processes. **British citizen** currently living in London.

## SELECTED PROFESSIONAL EXPERIENCE

### UNITED KINGDOM

#### STUDIO SAHIL - Founding director and Designer, London

February 2018 - Present

Design consulting company focusing on hand blown glass, installations, bespoke projects. Responsibilities include finance strategy, inventory, project management, B2B and B2C services, social media management, marketing, sales, exhibitions, projects and grants. Worked with small manufacturers and suppliers for the best quality of the outcome. Documented the process through photography, video and diligent note taking. Clients include hotels, museums and collectors.

Won awards, invited to TEDx talk and exhibited globally. Covered by notable press include FT, Monocle and Elle Decor.

#### WARM GLASS - Education Facilitator, London (Remote)

February 2021 - May 2022

Warm Glass hosts online classes on 'Glass School' platform, in collaboration with global glass artists for kiln formed glass techniques. Worked for +100 courses. Worked 4 times a week to assist the teachers and participating students with course content and kiln programming. Offered troubleshooting for technical and educational issues. Assisted different learning curves and course flow.

#### SNARKITECTURE - Sculptor, London

September 2016

Snarkitecture is a New York-based design studio focusing on on-site installations and sculptures. Worked on the creation and installation of a 2 week long site specific private residential project with their team. We created glacier forms from large polyethylene blocks to install a 'ice cave' to a collectors residence. Our work involved translating blueprints to full scale onsite installation by carving the blocks with hot wire, sculpting the cave and fireproofing with layers of fire retardant paint.

### OVERSEAS

#### ATÖLYE LABS, Industrial Designer, Istanbul, Türkiye

May - September 2014

This company was a startup based in Istanbul which got acquired by KYU Collective and became a member of the IDEO. Worked in the early stages of this company for designing their current 800 sqm co-working space in BomontiAda. Tasks included designing furniture, shelving systems using Rhino, Keyshot, contacting metal and wood manufacturers, running corporate workshops and local community events.

#### KOZ SUSANI DESIGN, Industrial Designer, Chicago USA

September 2012 - May 2013

Design consulting company based in Chicago. Worked on 9 projects including Mitterteich porcelain tableware for hospitality, 3D printed sculptures for a gallery using Rhino and Grasshopper, furniture design concepts rendered with Keyshot for Design Within Reach, tabletop objects for Crate & Barrel, glass manufacturing for Verreum, future concepts using Photoshop, Illustrator, InDesign visualisation and animation tools.
